How do I access the platform?

The Evolve Assess administrator platform is available at <https://app.evolveassess.com>.
Sign in with the email address and password set up against your account.

I can't log in. What should I do?

First, check that you are using the email address your account was set up under. If you have recently changed your password, make sure you are using the new one. If you still can't get in, request a password reset; if that doesn't resolve it, contact support@evolveassess.com with a description of what you see when you try to log in.

Which browsers are supported?

Evolve Assess supports the latest stable versions of:

- Google Chrome
- Mozilla Firefox
- Microsoft Edge
- Apple Safari

We recommend keeping your browser updated to the most recent version available for your operating system.

Which operating systems are supported?

The platform is web-based and runs on any current desktop or laptop operating system that supports a modern web browser, including recent versions of Windows, macOS, Linux and ChromeOS.
